3 Incumbent Commissioners Win In Tight Vote

EVERYBODY GRINNING — WE'RE STILL TOGETHER!

Commissioners, Bailey-Farmer-Down-Williams-Weathers Immediately after vote was announced Tuesday.

Who?? Will Be The Chamber's Man Of The Year For 1965?

Belle Glade is "abuzz" as to who will be named the Chamber's 1965 Man of the Year.

When the Annual Chamber of Commerce Banquet was reinstated last year after a lapse of many years, a recognition program for outstanding community service was initiated as a highlight of the Chamber's Annual Banquet, with determination to continue the coordination, traditionally.

This year's Annual Banquet and Awards Night will be held Thursday, October 7, 8 p. m., at the Holiday Inn. The program will feature an address by the Honorable Paul Rogers, who will be introduced by the 1964 Man of the Year recipient, Luther Jones.

Table decorations for the event will be provided by the Garden Study Club, with the president, Mrs. Edith Van Landingham, chairman for the project. Choice prime roast rib of beef is on the menu, with

tempting complimentary dishes. Background dinner music will be provided by Mrs. Elly Morgan at the organ.

Banquet director, Dr. John L. Grady, said a large turnout is anticipated, and limited space makes it necessary that the 250 Chamber members be given first chance to attend. Tickets will be mailed to all Chamber members and adequate time given for confirmation, before they are put on sale for the general public.

Price is \$5.00 per plate per person, and with this needed restriction, tickets will be sold on a first-come, first-served basis.

Working with Dr. Grady on the banquet committee are Dr. Tom Baker, Wayne Mikell and Bob Lee. In addition to the Man of the Year two other awards will be given for outstanding community service. Grady announced numerous door prizes have been donated by Belle Glade merchants for the event.

Workshops For Glades Nurses

The first session of a series of workshops in Respiratory Diseases FOR nurses and BY nurses will be held at Everglades Memorial Hospital, Pahokee, Tuesday, September 21 from 7:00 p. m. to 9:00 p. m.

The theme of the workshops is "BREATH OF LIFE." All nurses in the Glades area are urged to attend. Anatomy, physiology, symptomatology, treatment and nursing care for emphysema, bronchitis, pneumonia, cystic fibrosis, and other respiratory diseases will be presented by nurse teams from general hospitals, Southeast Florida Tuberculosis Hospital, Visiting Nurses Association, and County Health Department.

The workshops are sponsored by the Palm Beach County Tuberculosis and Health Association, Florida Nurses Association Districts No. 9 and No. 40, and the Inter-organizational Committee of the Florida TB & RD Association and the Florida League for Nursing.

Wee Care Center Is One Of Eleven In State To Receive Federal Grant

Belle Glade's Wee Care Center will receive \$34,886 under a total \$195,000 grant made to eleven day care projects in the state, approved by Florida's Day Care Advisory Committee, the grant is proposed to stimulate more and better services for children whose parents work, or for some other reason cannot care for them during the day.

The Day Care Advisory Committee was appointed by the State Department of Public Welfare to guide the use of federal funds. Early in its deliberations the committee decided that the federal money should be used to help Florida learn more

about day care, and to stimulate attempt to improve it. A series of ten public conferences, held in different parts of the state, gave the committee a quick look at Florida's situation. About a thousand people directly interested in day care attended the ten conferences.

The grants just recently approved were the second step. Some grants are still to be made in the coming months, although the funds are limited. In reviewing the grants at its last committee meeting, August 4, the committee noted that none of the projects approved so far offers services to school-age children. It is the

Commission Adopts '66 Budget

At its regular meeting Monday night, Sept. 13th, the Belle Glade City Commission formally adopted the '66-67 budget, as well as a continuance of the 1964 millage item.

A low bid of \$458 was accepted from a West Palm Beach firm for the skin-diving equipment before authorized.

The Collins subdivision on Eighth Street SE was given an extension of time to comply with regulations concerning acceptance by the City.

Joe West Sully, Jr., age given as 18, has admitted to the hold-up of Tiny's Park Store at 556 SW Ave. E. Wednesday morning at approximately nine o'clock. There is strong suspicion, and evidence to support it, that Joe is the hold-up man at O. K. Jones' store on SW Avenue B, at eleven o'clock, a recent morning - before the line-up.

When on the Police Station in a line-up at the Police Station Wednesday, given a number, as the other five who were held up, he was a couple of knee bends and slumped to the floor. He later gave physical evidence that he was "sick to his stomach."

When the alarm was given from Tiny's place, where Mrs. Lorraine Webster was the victim, the police traced

X-Ray Unit In Glades

Sept. 22-23

The Palm Beach County Mobile X-ray unit will be at the Belle Glade Health Center Thursday, September 23, and at the Pahokee Health Center on Wednesday, September 22, 1965. Hours are from 9:00 a. m. to 12 noon, and 1:00 p. m. to 4:30.

Aubrey Farmer defeated his opponent, former Commissioner Racey Parrish by a vote of 789 to 386; Weathers eliminated Davis Kicklighter by a vote of 780 to 372; Ashley collected 501 votes in his race, with incumbent Bill Bailey tallying 698.

The above are the results of the machine voting, where 1335 slips were given out by the Clerks, and only 1313 actually registered on the machines.

There were nineteen absentee votes, and they were distributed as follows: Farmer : Parrish : Ashley and Bailey : Kicklighter garnered of the absences, while Weathers received

City Clerk Vera Jones reports that there are 2602 registered voters in the City. With the 1313 by machine added to the 19 absences, the total votes cast barely went over the 50 percent mark of 1301.

The 52½% vote of the eligible list is not a result of which to be proud.

Cosby Crews Elected Mayor

Cosby Crews a hold-over commissioner was re-elected Mayor at the re-organization meeting of the South Bay City Commission on Thursday evening at the City Hall.

Mr. Crews, a part-owner of the South Bay Supermarket will replace Henry Jones as Mayor during 1964-65 fiscal year.

The two new commissioners elected in the Annual City Election, former Police Chief Marvin Davis and Woody O'Neal were sworn into office by City Clerk Herbert A. Craig. O'Neal and Davis took over the commission seats held by Kenneth Warren and Frank

lyn Kelley. City Clerk, Craig requested that the city change its accounts from the Bank of Pahokee to the Bank of Belle Glade. Craig explained it was time consuming to have to drive Pahokee almost daily to carry out city business.

The commission voted without dissent to make the change official, after a resolution was prepared by the City Attorney, Claude Jones.

The following were elected to serve the following obligations within the city: Woody O'Neal, supervisor of streets and Parks Department; Henry Elfers will hold up the Sanitation Division; Marvin

Davis was delegated to be Police and Fire Commissioner; C. F. (Pappy) Denton will serve as water commissioner.

Mayor Crews will head up the administrative section and Mr. Frank Willis will remain as head of the city building Inspection Department.

Mr. C. F. (Pappy) Denton was named Vice-Mayor by the new Commission for the coming year.

The commission discussed the matter at length of the Judge's Post and the matter was tabled until the next meeting. Mayor Cosby Crews was instructed to serve as Judge until one could be secured.

Reactivation Meeting Set For Pahokee Jaycees

It was announced by Jim Normand, President of the Belle Glade Jaycees, that a meeting would be held in Pahokee on Tuesday, Sept. 21 at 8 p. m. at the Everglades Federal meeting hall, for the purpose of re-activating the Pahokee Jaycee organization.

At the last 16th district caucus, held at Palm

Springs, it was voted and passed by the entire 9 club district, to assist the falling Pahokee club in meeting their past due financial obligations, and to help with their membership and administration problems.

Dick Wierchuland, 18th district vice president, has called this meeting, with the Pahokee membership and

others who are interested in seeing the Club remain in Pahokee, for the purpose of arranging a concerted drive in the Pahokee area, with the assistance of the other district clubs, to raise past due debts and to increase the working membership of the club to their as-

Weaver Tells Veep

County Commissioner Bud Weaver wired the Vice President and sent copies to the White House, our immediate Delegation in Washington, to Governor Burns, and Commissioner Conner, as follows:

Your recent tie-breaker vote favoring Wirtz's policy of "No Foreign Labor for Cane Growers in Glades Area," very damaging to our local economy. Betsy couldn't have been worse. As an elected Democratic official in the last Democratic stronghold of Palm Beach County, let me congratulate you in behalf of the Republican party. There can be nothing so alone as a Democrat without support or consideration.

Honorable George Smathers, Sen. Senate Office Bldg., Washington, D. C.

Congressman Paul Rogers, Rm. 111, House Office Bldg., Washington, D. C.

Commissioner Doyle Conner, Comm. of Agr. Tallahassee, Florida

Honorable Haydon Burns, Governor, State of Florida, Tallahassee, Fla.

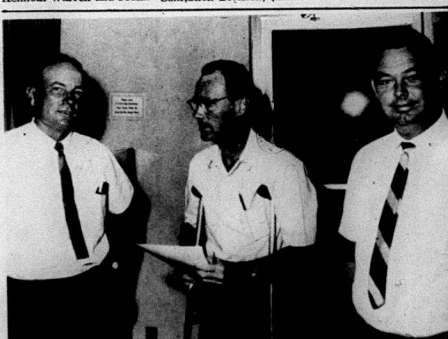

The Frank Morris Buy

Clarence Aspay and Bama Mathis "peddled" brooms and mops to the voters as they approached to left the polls Tuesday.

A total of 144 brooms and 192 mops were sold during the day for the Blind Fund of the Belle Glade Lion Club.

A. B. DeGraw relieved Bama for a majority of the day, with other Lions intermittently coming by to offer suggestions.

Commissioners Davis (left) and Woody O'Neal sworn in by City Clerk Herbert Craig of South Bay.

STRONG CHURCHES

Evangelist Nat Cooper To Conduct Gospel Meeting

The Belle Glade Church of Christ announces that Evangelist Nat Cooper will preach here during an eight day Gospel Meeting. This meeting will be held in the Church of Christ building, September 19 through 26. The time for the services will be at 11:00 on Sunday mornings and 7:30 each evening.

Lutheran Youth Activities Slated

The Walther League of St. Peter's Lutheran church will hold a Beach Social at Riviera Beach, Sunday, the 19th of September. Also on the agenda for the month of September is an Ice Cream Social which will be held Sunday afternoon, September the 26th. The proceeds from this Home-made Ice Cream activity will be used to purchase an aquarium for the Kindergarten of St. Peter's Lutheran Church.

Chosen Baptist Revival Oct. 11

Chosen Missionary Baptist Church will begin revival services October 11. Dr. Hugh Harris of East-side Baptist Church, Mulberry, will be the evangelist.

Dr. Harris is Dean of the Florida Baptist Institution and Seminary of Lakeland, Fla.

Services will begin nightly at 7:30 o'clock and there will also be special singing every night.

Everyone is invited to come out to the services.

ter, will lead and direct the singing. Everyone is extended a cordial invitation to attend the services.

Nat Cooper was born in Ireland in 1935. His mother was a linen weaver and his father was an officer in the Royal Navy. Always having a great excitement about God's work, Mr. Cooper came to the States at the age of sixteen to study for the ministry. He went back to Ireland in 1956, and after establishing two congregations, returned so that his American bride, the former Jean Carlisle, could be with her parents some. Mr. Cooper is presently working with the Church of Christ in Opa Locka, Florida. Since he has been with this local congregation, it has grown from 135 to 285 in attendance.

Mr. Cooper has held meetings in Scotland, England, Ireland, Spain, and has preached quite extensively in this country. He preached in Belle Glade during 1955-56.

Methodist Youth Worker Begins Duties Here

Mrs. C. A. Brinks, Jr. working in Educational and youth activities for 25 years, has taken over her duties as Educational Assistant Director at Community Methodist Church. She was introduced at the morning service the past Sunday by Mr. Emil Wolf, chairman of Commission on Education.

A native of Dothan, Alabama, Mrs. Brinks came to Quincy, Fla., where she was active in the Centenary Methodist Church. She was a volunteer worker for many years and for the past eight years held an official position.

The church at Quincy has its own church camp and Mrs. Brinks had 15 years of experience in assisting with the camp. The past six years she served as director, with approximately 200 youth attending the summer session. This is a resident camp and many other churches in the district use the camp facilities.

The camp is used for all meetings such as youth week and young peoples meetings. Regular classes are conducted during the camp session for Juniors &

seniors. Other organizations in the church also use the camp.

Mr. and Mrs. Brinks are presently residing at Gladeview Trailer Park. They have a daughter, Miss Lynn Brinks, who is working on her masters degree at Florida State University and will receive it in December and a son, Bill Brinks who is in the Navy. At the present time, their little granddaughter, Lynn Brinks, who will be three in November is staying with them, while her mother is visiting her father in service.

Attend Lutheran Convention

Reverend and Mrs. Richard Y. Roseman recently attended the Pastoral Conference of the Florida - Georgia District - Lutheran Church - Missouri Synod.

The conference was held at the Outrigger Inn in St. Petersburg, Florida, September, the 8th through the 11th.

At the convention, the work program of the District Synod was decided on, the work program for this year being 30 million dollars for church activity throughout the world. Also at the convention were two professors from Concordia Lutheran Seminary of St. Louis, Missouri. The papers presented by these two theologians were "The Dead Sea Scrolls" and the "Fall Narrative of Genesis Three".

The next Pastoral Conference will be held in Clearwater, Florida during the month of April, 1968.

Lord's Supper To Be Observed

The First Baptist Church of So. Bay will observe the Ordinances of Baptism and the Lord's Supper on Sunday, September 15th at the Morning and Evening Worship Hours.

At the 11:00 A. M. Service the Pastor will be speaking on the subject: "What Jonah found in the Belly of the Whale" from Matthew 12:38-41. At the close of the Service the Lord's Supper will be observed which is open to all Christians.

The Evening Evangelistic Service at 7:45 P. M. will begin with the ordinance of Believers' Baptism. The pastor, Rev. James A. Fenton will speak on the subject "Serving the Lord with what we Have" from Exodus 4:2 at the evening service.

All friends of the church and members are invited to these services of the church.

USE NATIVE PLANTS

If you're planning to landscape your home, don't overlook using some of Florida's Agricultural Experiment Stations. Native plants are well adapted to local climate and soil conditions and may be much easier to grow than many of the hybrid & introduced ornamentals.

KEEP 'EM IN CANS

It's better to leave most foods in opened tin cans in your refrigerator than to transfer them to glass or plastic containers, says Dr. Gerald Kuhn, a food microbiologist with the state's Agricultural Experiment Stations. Modern cans are heat sterilized and enameled inside to prevent reaction between food and metal.

Make STRONG COMMUNITIES

This is one of the snapshots from my vacation trip. Friends ask why I made this the frontpiece in my album rather than that shot of the bald crest of Mt. Marcy — or the telescopic close-up of the Old Man of the Mountains.

Sure, I know this scene is commonplace. I saw a hundred villages with their white steeples peering above the trees and their comfortable old houses nestled around the church. And each one had a pond with pines and birches guarding its shore.

But this picture says more than all the others. It speaks not just of beauty and natural wonder... it tells of a good land populated by a great people. It reminds me of God... and of my neighbor. It whispers that all I cherish can endure for generations.

The landmarks of a great people proudly point to Faith. The Church belongs at the center of our life. But only you and I can keep it there!

Fidelity SS Class Has Pot Luck Supper

The Fidelity Sunday School Class of First Baptist Church enjoyed a pot luck supper at the home of Mrs. Ruth Stein on Friday night.

The occasion also marked the celebration of Mrs. Stein's birthday and those of Mrs. Ruby Jones, Mrs. Selma Bamford and Mrs. Thelma Davidson.

Mrs. Stein's daughter Mrs. Clara Sellers baked a lovely decorated birthday cake and Mrs. Minnie Williams furnished homemade ice cream. The group sang Happy Birthday to the honoree.

Sixty-eight parents have registered for membership in the PTA. This pre-registration was arranged to lighten the load of the membership committee next Monday night, when ALL the parents come down to Gove to see the most frequently mentioned names at the supper table — Johnny's and Suzie's new teachers!

Mrs. Mabel Lutz, principal of Gove Elementary and Mrs. Margaret Mosley, Glades Supervisor, will give some helpful explanations of the school's policies prior to the reception.

Gove Elementary PTA Sets Reception For Teachers

Gove Elementary PTA will embark on its maiden voyage on September 20th when the reception for the teachers will be featured. This date will mark a "first" for the PTA of the newly constructed school which opened its doors in the Fall of 1964.

Much enthusiasm has been shown at all preliminary board and committee meetings, according to W. L. Cunningham, Jr., its first president. As a sideline observation, it might be said the situation is like a person with a new gadget — the idea being — let us see what all can be done with it! Too, you could say that Gove Elementary is like a young couple setting up housekeeping — many spots needing attention and a bud get that won't quite fit! One can almost feel that call for the almost forgotten word in our American heritage, ingenuity or "do-it-yourself" Gove is already experiencing "growing pains" with a considerable increase in the student body, so new construction is now underway to house the additional enrollment.

Cub Scout Pack 622 To Meet October 1

Christian Education

Because the Lutheran Church emphasizes Christian Education, St. Peter's Lutheran Church has outlined a curriculum to instruct its members of all ages in the teachings of our Lord, Jesus Christ.

First of all, St. Peter's offers a Sunday school each week for children between the ages of 3 to 14 years old at 9:15 a.m. on Sunday morning. At the same time, a Bible class is conducted by the Pastor for church members and visitors. The theme of this Bible class concerns the teachings and the con-

firmation of the Lutheran Church.

A Mid-week Bible Class is also conducted by the Pastor for the adults. This meets every Wednesday night at 8:00 P. M. either in the members' homes or in the new education building. At the present time, the teachings of other church bodies, in relation to the Lutheran Church, are being studied. In order to understand the teachings of these church bodies, we have invited the pastors of various churches to speak to the class.

A Catechism class will begin on Saturday, September, the 18th for all children who are in the seventh and eighth grades. This course will be offered each Saturday morning from 9-11 for two years, and will culminate in the confirmation of the students, at which time they will be received as communicant members.

A Pastor's class will be held each Sunday evening in the Education Building for the members, and also

Meet and hear Rev. Rankin of Orlando, Fla. a series of special meetings beginning Sunday 11:15 A.M. and 7:30 P.M. and nightly except Saturday.

With an early business career, an extensive material experience and personal visitation on seminary fields, Rev. Rankin P. Rankin is well qualified for wide evangelistic service.

REV. H. P. RANKIN

Evangelist

Born in Mountain Tennessee, he moved to Glades where he grew near the city of Richwood.

There he served the American Church. This was the youngest member of any of its stores, and he worked with the Deacons. After two and a half years in the Rayon Department until he was promoted to be a foreman with Sarcoma Company. He was married January 6, 1934 in a ceremony at the prayer of Rev. West.

for those who desire to come members of the American Church. This will begin Sunday, September, the 28th, at 7:30 P.M. and 10:00 P.M. twelve weeks. At the 12th week, he will be received as members of the Church, if they desire. Attendance in the class poses no obligation on the part of the student, therefore we welcome those who only desire to learn more of the Lutheran Church, but who wish to become members. At the culmination of the course, a new class will begin.

Finally, St. Peter's Lutheran Church offers a Kindergarten for children members and also for non-members each day from 9:00 a.m. to 12:00 noon. Kindergarten is held under the direction of Stuart B. Fuller, and both secular and religious courses, as they are prepared for elementary and for the Kindergarten.

St. Peter's Lutheran congregation would like to invite all to the class for the various ages as well as to our worship services each day morning at 10:00 A.M. If you would like to know more of these educational opportunities, you are invited to contact Pastor Rankin (996-5656) or (996-5657).

Unidentified Body Found In NNR Canal

Investigation by the Sheriff's office is underway in the apparent murder of a negro man, found floating Tuesday in the North New River Canal, approximately 22 miles south of South Bay, by a crew of prisoners cleaning on Highway 27 (hurricane debris).

Lt. O. J. Senecal head of the Glades Sub Station said Wednesday afternoon that no positive identification had been made that the body is that of Clarence Thompson, 36, of 2042 29th St., South, St. Petersburg as indicated by a driver's license found on the body. He is expecting a report on finger prints by Wednesday afternoon. An autopsy is scheduled to be performed by Dr. Hugh Dorch, Jr., Senecal said.

Senecal and Deputy Dean Alford reached the scene on Tuesday about two miles north of the Broward County line, after the body had been carried about six feet from the West Shore of the canal. From the condition of the body the victim had been in the water at least four days and authorities said the victim had been shot at least three times, twice in the chest and once in the arm with a .38 calibre weapon.

The deputy said the body, which is at Taylor's Funeral Home, Belle Glade, will be held pending positive identification.

It was reported an employee of a St. Petersburg's Funeral Home knew of a Mrs. Valerie Thompson, of the same address as on the driver's license found on the victim and she had requested the mortuary to pick up the body. It was also learned that Thompson had left St. Petersburg last Thursday enroute to Miami.

Deputy Dean Alford re-

a car had been parked several days ago, on the road, and there was also evidence of a flat tire. It was believed the victim was shot before he was thrown in the canal.

"Luke" Thornton Dean Of Boys At Lake Worth Hi

Abigail Poole Graduates

Miss Abigail Poole, daughter of Mr. and Mrs. R. J. Poole, 440 S. E. 4th St., Belle Glade, Fla., recently graduated from Brevard Junior College, Cocoa, Fla., with an Associate of Arts Degree. Miss Poole is presently attending Florida Atlantic University.

Mountain Home Opportunity

MOUNTAIN VALLEY FARM — 63 acres with 40 acres excellent pasture - house, barn, springs, fruit trees, at the head of a beautiful small valley with excellent mountain view and plenty of water.

Unusually good protection for a mountain home. One-half to three acre tracts can be sold off as desired or can be immediately subdivided. Less than three miles from Sylva, N. C.

Price \$22,500.00. Terms can be arranged.

We are told there is only one deed of record on this property since the original Spanish Grant. Present owner is a young Dentist raised on a neighboring farm who is opening an office in Franklin, N. C. and needs money to set up his office and buy a home.

Protection is due to this being the last farm up the valley road and just nobody goes up the road without being observed by the critical eye of the best neighbors one could have.

If this land were subdivided there would be practically no waste land and each home would be very close to the main stream which runs the year round.

Rush Season On At PBJC
A "Tea and Smoker" at which there was no tea, Friday evening, kicked off Palm Beach Junior College's own version of a social season in which terminology foreign to normal speech patterns plays an important role.

For the next two weeks "Rush" season will continue and versions of this normally simple word take on highly specialized meanings at the college.

In the first place, "Rush" season has very little to do with hurrying. It proceeds at a fairly leisurely pace, with a week of informal parties and another of formal parties before the season ends.

During the season, members of seven social clubs on campus with Greek-letter names do their best to be pleasant and pleasing, (that is, they "rush," prospective members, "rush-ees" of course), so that their own particular club can have the pick of the incoming freshmen.

It would be natural to speak of "rushes" as "being rushed," but students usage has short-circuited the subjunctive: A freshman being plied with attention is not "being rushed," he or she is "rushing."

At PBJC the whole business of social clubs is guided by faculty advisors thru a fairly strict pattern.

This week the four men's clubs, Phi Delta Chi, Chi Sigma Alpha, Phi Kappa and Tri Kappa Lambda and three women's clubs, Phi Theta, Phi Delta and Tri Omega, will each give an informal party for rush-ees. Times are arranged so that no two parties fall on the same night, forcing the rush-ee into a premature decision as to which club he or she favors.

The following week, formal parties are arranged in the same way.

Then, on Friday, Sept. 17, comes one of the climactic days of college life for those who are really serious

Students Will Make Up Time Lost During Hurricane Betsy

Florida Education Association, and Florida State Teachers Association. These changes have caused eleven adjustments in the previous published school calendar.

Administrative, instructional and office personnel will not be required to make up the two days unavoidably missed due to the storm, all school department heads and principals have been informed in a bulletin issued from the office of Superintendent Ross.

Page 12 THE HERALD, Belle Glade, Fla. Sept. 16, 1965

All students in Palm Beach County public schools will be required to attend schools on Oct. 8 and April 22 to compensate for the two days schooling lost on September 7-8 due to Hurricane Betsy, Florida state law requires a 180 day school year.

This will amend the 1965-66 school year calendar which had previously set aside Oct. 8 as a conference day, and April 22 for closure of the schools because of the state meetings of the

bert W. Fullon. "The need to get the job done" will result in these personnel working extra time, and this will compensate," the superintendent said.

New Ford Dealer Takes Over Here

Mr. T. S. Watson, recently of West Palm Beach, but originally from Litchfield, Conn., has taken over the Ron Marlowe Ford organization and Ford Dealership in Belle Glade, under the trade name of Watson Ford, Inc.

Mr. Al Pillar, formerly Sales Manager of Marlowe's is returning to Belle Glade as General Manager for the new organization. "Except to round out the

service personnel, the present organization will not be disturbed," says Mr. Watson. The Watsons and the Pillars are house-hunting, and will make Belle Glade home as early as practicable.

Mr. and Mrs. E. C. Mapp were recent guests for several days of their son and daughter-in-law, Mr. and Mrs. Elmer Mapp at Merritt Island.

Miss Linda Rabin has entered her senior year at the University of Miami. She is a counselor this year. Marilyn Rabin is attending PBC in her second year. Both are daughters of Mr. and Mrs. Harold Rabin.

Mrs. Rosa Cook has returned home after visiting relatives for five weeks. Going to Lake Wales where she has four brothers and two sisters, she was accompanied by members of the family to Cedarwater, Ga. where older sister, Mrs. Lillian Spinks is residing and brought her back to Lake Wales for three weeks, where they all enjoyed a long visit.

Mr. and Mrs. Harold Rabin spent the weekend at Royal Palm Beach. They enjoyed playing golf while there.

Mr. and Mrs. Lawrence Nash, Jr., returned from Lake City last week, after visiting with Mrs. Nash's mother and other relatives.

Mr. and Mrs. W. S. Ingram, Jr., and daughter of Lake Park were weekend guests of his parents, Mr. and Mrs. W. S. Ingram.

Mr. Frank Thibaud of New York City flew down on a business trip and spent the weekend with his brother and family, Mr. and Mrs. William A. Thibaud.

Two Local Boys Enrolled At The Bowles School

Two boys from Belle Glade have enrolled at the Bowles School in Jacksonville. They are Douglas Wedgworth son of Mr. and Mrs. George Wedgworth and Steve Knight, son of Mr. and Mrs. S. N. Knight.

Edwards-Nelson Wedding Sept 25

Mr. and Mrs. Alfred Edwards of South Bay are announcing the marriage of their daughter, Glenda Lorene to Robert Earl Nelson, son of Mr. and Mrs. W. L. Nelson also of South Bay. The wedding will take place Sept. 25 at 8 p. m. at the home of the bridegroom's uncle and aunt, Mr. and Mrs. Howard Hammett in Jacksonville. Rev. Johnson will officiate at the double ring ceremony.

The bride elect attended Belle Glade High School. Nelson attended LaBelle High School and is associated with his father in the construction business in Belle Glade.

The couple plan to make their home in LaBelle.

State President Pays Visit To Belle Rebekahs

Belle Rebekah Lodge No. 21 held its first regular meeting of the fall season at the Civic Center Sept. 7, with a visit from the State President Flora Long of Melody Lodge No. 22, Port St. Joe. She was accompanied by Mr. Long and Mrs. E. E. Rogers of Eleazar Lodge No. 4, Lakeland, Fla.

The guests were honored preceding the meeting at a delicious banquet dinner, which was enjoyed by all. Due to Hurricane Betsy, the meeting was brief, as everyone was expecting the storm that night.

The next meeting of the local group will be Sept. 21. All members are urged to attend.

Love needs no rival to stay it; neglect will do it.

Royals Vacation For Two Months

Back from a two month vacation are the Jack Royals. They had a grand time leaving Belle Glade they went to Fort Gordon, Ga. for a visit with Harold, Jr. on to Ashboro, N. C. to visit Peggy's mother, Mrs. F. M. Lewis.

In New York they were guests of Mr. and Mrs. Henry Ruffolo at Jamaica, L. I. Going on to Nova Scotia, Canada they enjoyed 10 days of sightseeing, the public gardens at Halifax were lovely. They caught the Blueberry Ferry from Yarmouth across the Bay of Fundy to Bar Harbor, Maine, quite a trip. Going on to Massachusetts they took tours of the historical sites in Boston and Sturbridge. Came on down to Hampton, Va., and visited relatives, their son joined them there on leave from his base, and then they were homeward bound.

Police Solve

of a man with a paper bag to a building and immediately surrounded it for search.

Joe was found in his room changing his clothes, and the money (\$185) was found in the bath room. He admitted that job, but stoutly denied the others.

Gay Hopkins and O. K. Jones both picked Joe for a line-up Wednesday afternoon as the person who held their places up.

When two officers were preparing to place handcuffs on Joe at the Police Station, he jerked loose and ran over a 200-lb. truck and "went south," fleetly and nimble-footed in his dodging.

A general alarm brought more than a dozen peace officers to the chase, with Mayor Williams providing an ambulance for any prospective casualties.

As the circle of officers closed in Joe skidded from under a home near Avenue E and Second, with evident intentions of further travel. When one officer had his gun cocked and was perfecting his head, — one evidently hearing the preparations, suddenly threw his hands up and surrendered.

With the evidence at hand plus the confession, it's apparent that Joe will be an expense to the County and State for some time, and the Poverty Program has lost a potential customer. Joe hasn't blamed "acc-

idents" for his predicament, at least, publicity, so far. Mr. Witt has one less "domestic laborer" to recruit for agricultural harvesting.

A 22 pistol for firing blanks was found in Joe's room, which doesn't lessen the seriousness of his law-breaking.

David Questel Rites Held In Carmi, Ill.

Word has been received here of the death of Mr. David Questel, who was a former resident of Belle Glade for about six years. Mr. Questel passed away suddenly August 19 at his home in Carmi, Illinois. Services were conducted at the Funeral Home in Carmi on August 21, with burial in the local Cemetery.

Mr. Questel, 66, was a native of Illinois and was associated with the Everglades Experiment Station, in the control of diseases. He had retired to his home in Carmi in recent years.

Mr. Questel was an entomologist with the USDA from 1927-1959, from 1959-1962 he received his BS degrees in Illinois in 1927 and M. A. in 1929. He came to Everglades Experiment Station in 1932 (USDA) as entomologist & conducted control studies on Sugarcane insects including the Sugar Cane borer, lesser cornstalk borer - and wire worms.

He is survived by his widow, Mrs. Gertrude Questel of Carmi, Ill. The couple had many friends in this area, Mrs. Questel will be remembered as a bridge teacher here.

**Beta Xi Chapter
Donates To School**
Beta Xi Chapter of Beta Sigma Sorority recently gave \$25.00 to the Royal Palm School, an affiliate of the Belle Glade Elementary School.

The money was raised by donations to a bridge party sponsored by the Chapter.

Mr. Howard Hill, chapter chairman for the chapter made the presentation of the check to Mrs. V. A. Boots, teacher, who will purchase materials needed in this very fine work.

"Anti-Intellectuals"

A would be Savant of editorial ambitions, skinned his ignorance" factually in recent purported stories of the Glades.

Glades citizens are PROUD of their community—with substance as evidence.

Glades folks are TILLERS OF THE SOIL. We exchange everyday table necessities for more HARD CASH to the county per annum than do either the tourist or industry along the coast.

Everyday practices of automation in agriculture are a matter of concern and study by agriculturists from the far corners of the world; mechanization in Glades agriculture benefits the manufacturer — they adopt equipment to the demonstrated uses originating in the Glades.

Farming in the Glades is Modern Big Business.

The Glades has seen three Co-op sugar mills organized financed, built and operated by 125 Glades farmers, with combined investments of \$45-million-plus, and an annual payroll of near \$8 million.

There are six mills owned by private stockholders, most of which fabricate the sugarcane of individual farmers — some 40 to 50 in addition to the farmer-owned-co-ops.

All sugarcane is planted, harvested, and the sugar sold under a strict quota system; the system is designed and enforced for the benefit of the smaller farmer, by USDA.

No sugar, under the SYSTEM, costs the American taxpayer one cent for its operation; records prove that the consumer has enjoyed a saving in price for 85 percent of its years of operation.

The largest capacity mill in the Glades — the Glades Sugar House — was organized financed, built and is operated by 53 Glades farmers, with a mill organization cost of near \$17 million.

The sales organizations who handle the more than 30,000 carlot equivalents of some 23 varieties of winter vegetables bill their products to every state in the Union, Central America and Caribbean Islands, as well as all provinces of Canada.

The Armed Forces maintain a seasonal purchasing office in the Glades to secure fresh winter vegetables for overseas and home stations, for the more than-a-million dollars they leave here annually.

Big "B" Ranch, a joint venture of landowners (H. & H. Stamps' owners) and King Ranch of Texas, one of the largest ranchers in the world, operates more than 30,000 acres of pasture.

We have no unaccredited schools.

We have Day Care Centers for pre-schoolers and kindergartens.

Adult Education offers a full scale selection from "Reading, Writin' and Rithmetic" to Junior College Courses.

One may prepare himself for After Life, in all eschewons of perfection in a House of Worship with more than a dozen established Faiths. Our churches are generally paid for; those that are not, are comfortably financed.

Some 30% of our farm labor are migrants, many of whom have moulded themselves into permanent citizens of the Community, with their children participating in educational opportunities, without notice of origin, religion, or economical standing, being taken by pupils or the Community.

Despite sensationalists of the communications field, politicians of the DO-Gooder variety, with pliable consciences when seeking votes, our handling of the migrant is being used as a field of training by educational groups, with special emphasis on the Glades plan for coordinating continuance of grade study at points of migration during the school year, and succeeding years.

With the Administration's indiscriminate giveaways, such as "rockin-chair money," food, now house rent, free medical attention and hospitalization for continued illegitimate births, official urging of unionism, encouraging and condoning of group illegal demonstrations — Communism, and lazy-ism, socialism and other ISMS find fertile fields.

The Glades can match from any one of a dozen agricultural fields in the Glades, education, background, integrity, Christian Faith, good sound horse-sense, with the correspondent whose coddling and supplication to Wirtz and his ilk, must be for questionable reasons.

Our MATCHING would lack a great many objectionable characteristics apparent in the correspondent's stories.

Autocratic central government proliferated the America of the 1770s; integrity, hard work, Christian living, home rule and representative government, brought it's world position.

If the condition of our Country today is due to those who are NOT "anti-intellectual," then let's pray for more "anti-intellectuals."

GRASSROOTS OPINION

Ralph T. Moore writes in the Oregon Voter: "... beware of the man who campaigns on the ground. That is the of the masses and is ardently sympathetic to their needs. His vision is much too apt to embrace only votes, and to be too narrow to encompass solutions to vexing problems. We desperately need men who have, by their own efforts, risen superior to the restriction of environment and circumstance, to become outstanding in their particular field. And note carefully that such men are never ordinary but extraordinary. They, only, have the true objectivity essential to the public service, the objectivity that enables them to be the representative of all th people in their district or under their jurisdiction, not merely the representative of the clique or class from which they come."

Among the victims in the war against poverty are some members of the armed services.

Under the anti-poverty program, untrained, unemployable young men who have dropped out of high school may net as much as \$105 a month on entering the Job Corps. After five months this may rise to \$115, and after nine months to \$125. In contrast, a man entering the Army is paid \$78 a month under the current pay scale. After four months his pay increases to \$83.20, and if he advances to the third pay grade during the first two years of service, he will get \$99.37 a month. Moreover, to be eligible for the armed services, a man must meet mental and physical standards that most Job Corps members would flunk. In fact, Job Corps training is advertised as a means of qualifying for military service. Thus, a youth with Job Corps training would have to take a pay cut if he enlisted; he would be paid more for the instruction than for actual performance of the job for which he was trained.

This distortion of values seems certain to produce a decline in armed-forces enlistment, a proportionate increase in the draft and a blow to military morale. Prompt action is needed to correct the situation before serious damage is done both to armed services and to Job Corps trainees who are to believe that slothfulness brings the greatest rewards.

Albuquerque Journal

The Private "War on Poverty"

The government's antipoverty program is coming in for much criticism. Charges of "Boondoggle" are common. So far, it is said, most of the benefits seem to have gone to a well-paid administrative bureaucracy — relatively few to the poor.

Meanwhile, U. S. News & World Report observes, "... private employers are creating millions of jobs in a 'poverty war' of their own. About 8 million of these jobs have come into existence in the last five years — 2.2million in 1964 alone. And, to quote the magazine again, "... the private 'war on poverty' has been particularly helpful to those Negroes, teenagers, and others who were without education, skills or experience.

Whatever the government program may ultimately achieve, the most effective weapon against poverty is dynamic, expanding, socially-conscious private enterprise.

the government's most effective weapon against poverty is dynamic, expanding, socially-conscious private enterprise.

Good Intentions Aren't Enough

Medicare is now law, and time will tell how it will work out — and what its final cost will be. A drive is also under way to further inject the bureaucratic hand of government into the medical arts.

The establishment of a series of federal regional medical complexes to fight heart disease, cancer and stroke is now proposed.

This is a grandiose plan, and the cost would be enormous. It is difficult, in one way, to oppose it, for everyone wants to see these diseases, which account for 71 per cent of all deaths in this country, defeated. But top medical authorities are convinced that it is simply the wrong way to get the job done.

The American Medical Association, for instance, is vitally interested in reducing the ravages of these as well as all other ills. The medical profession, and related institutions and organizations, are constantly

and increasingly working to find the solutions. But the dangers that would arise from government regional medical centers are real and vital. There are sound grounds for fearing that the traditional and all-important doctor-patient relationship would be gravely weakened; that political interference would probably prove to be inevitable; that the presently existing organization of medicine, which has so dramatically proven its worth, would be upset; and that more and more bureaucratic domination and direction of medical practice would follow. In the view of a member of the AMA's board of trustees, "Medicare is peanuts compared to this proposal. These complexes could involve the government in health care for the entire nation."

In this, good intentions just aren't enough. The continued existence of a system of medicine whose achievements are unexcelled on earth is the ultimate stake.

Parents At Fault For Teenagers

Director J. Edgar Hoover, who doesn't talk without deep thoughts on his own department's reports of national criminal activities, says:

"Teenagers, and their parents, have been subjected to a foolhardy theory which condones rebellious conduct against authority, law and order, or any regulatory measures which restrict their whims, wishes, desires, and activities. This astounding belief has spread into the schoolroom, the living room, the courtroom,

and now into the streets of our Nation in the form of wild, drunken brawls."

"No doubt, society has failed our youth, but not in the way many seem to think. Rather, the dereliction has been in the failure to teach them the meaning of discipline, restraint, self-respect, and respect for law and order and the rights of others. Consequently, the lesson now is both painful and costly."

FBI Director J. Edgar Hoover writes: "The motorist who stops and opens his car door to a stranger may be asking for a death ride for himself and his family. Many times, the innocent-looking young man on

the roadside is a trigger-happy or knife-wielding killer. For safety's sake, drivers should exercise that part of valor considered best—discretion—and pass up hitch hikers."

Uncle Dan From Doolie Says:

DEAR MISTER EDITOR:

The fellers at the country store Saturday night was in a confounding mood and everybody was owing up to the truth on himself for a change. For instance, Ed Doolie, that started voting the Republican ticket in 1916, said he was getting a little discouraged over matters, was beginning to wonder if the Republicans would ever make it back to the White House. First off, claimed Ed, the Democrats was taking such a broad stand on all the issues they wasn't leaving no room on the platform for the Republicans to act on. Furthermore, complained Ed, the Republican brass was moving too slow. He said he recollected his Pa used to say they was two ways to git to the top of a oak tree, you could climb it or set down on a scorn and wait fer it to grow. Ed was lamenting that the Republicans seemed to be using the scorn plan.

Clem Webster, that has got New Deal, New Frontier, and the Great Society juice running in his veins, admitted they was a heap of things going on in Washington that was bad. He said he could recollect when Harry Truman went out of office he held the press he'd been right 90 per cent of the time since he was President, and Clem was shore Harry was then only allowing fer the customary 10 per cent ever man loses to his old lady. But Clem told the fellers no President and no political party could bat that high and he'd be happy if Lyndon could draw a few walks and hit in the 300 range.

Zuke Grubb, that votes both ways, depending on how farm prices was at the time, was congratulating Ed and Clem fer bein' honest onct in their lives.

He was of the opinion that all politicians in Washington, Democrat and Republican, was alike in a heap of respects. For instance, said Zuke, all of them was willing to do anything fer the workin' man except git to be one.

And Bug Hookum had some words of wisdom fer a change. He allowed as how, even with world-wide and fast communication systems, nobody could git more than a piece of the truth no more. He claimed if a feller would admit he didn't have nothing but a piece of the truth, and the other feller would admit it, then folks would git along better and nobody would git mad.

Josh Clodhopper was agreed with Bug, said he was reading a piece in the papers the other day where they was more overweight wimmen in the nation than overweight men. And in the same paper, reported Josh, he read where overweight was one of the main things killing folks. Everybody, claimed Josh, knowed that wimmen outlived men and how did you put them two things together? Josh said he didn't know nothing no more fer shore, doubted if anybody else did. We closed the session, Mister Editor, on that honest note.

Yours truly
Uncle Dan

LET'S LOOK AT THE RECORDS BY LINDA MORRIS

Donna Loren, popular young vocalist, is heard singing 10 songs from the new American International Picture, Beach Blanket Bingo, and oddly enough the name of her album is the same as the picture. Her first for Capitol, it is being released simultaneously with the AIP picture. Donna, a regular on television's Shindig, has been featured in four other AIP Beach pictures besides Bingo. Among the tunes in the picture that are heard on the LP are Cycle Set, It Only Hurts When I Cry, Free Way, Fly Boy and the title tune. Long-time Guy Lombardo vocalist, Kenny Gardner, steps in to the spotlight to sing some of the sweetest music this side of heaven on Capitol's new LP, Guy Lombardo and His Royal Canadiana. Present the Voice of Kenny Gardner, a 25-year veteran and the Lombardo band and a singer who is known as the voice of the Royal Canadiana, is heard on such tunes as Stardust, East of the Sun, Enjoy Yourself, Just in Time and Coquette.

THE GOLDEN YEARS

PUT THIS IN A COMPUTER AND SEE WHAT YOU'LL GET

It's about time for somebody to knock down the notion that only highly educated young people are now fit to run the world. Ralph W. Smathers, a recently retired executive, thinks he can do it. "A lot of insane conversation," he says, "is leading the country to believe that the technological developments of recent years have left people in their 50's and 60's hopelessly behind. Some business spokesmen, and even a U.S. cabinet officer, have implied that the older people have such meager and such outmoded education they had just about as well get out of the way and let the college kids take over."

"Well, that's pretty cute when you consider that most of the whizkids are taking their orders from oldsters who never looked inside a computer and don't have to." "While as a matter of fact the man who is now age 65 has been traveling with it all his life." "Take the delivery man with his horse and dog. Think what a crisis he faced when the gasoline truck came along. But he adapted to the contraption and survived. Just as the blacksmith adapted to the garage, and the hazy salesman to the used car lot."

"And nobody went around claiming these victims' of technological progress were outdated and should be cast aside." "Mr. Smathers believes the changes a person now 65-year-old has lived through in his or her lifetime are about as profound as

those taking place now. They didn't have all the electronic tubes and flashing lights, and were not so complex," he says, "but they were dramatic. And we learned to conquer them."

The person now in the 60's has gone from the horse and wagon to the train, to the automobile, to buses, to flying machines, to super-highways, and to jets. What transition! "That same person has gone from oil lamps to electricity, from gramophones to television, from ice boxes to freezers, from paneboards fans to air conditioning, from crepe de Chine to nylon, from stovehood to gas."

"And do you remember the bookkeeper with his green eyeshade, his bottle of ink, and fine Spencerian hand? Reflected on the drama that typewriters and office machines brought to him. And what about the hand-set printer when the linotype came along? "Don't tell me any nonsense about people who have conquered all these things not being able to conquer a computer."

A fallacy in the yak-yak about anybody past age 45 now being outdated, according to Mr. Smathers, is the idea that a modern man has to understand the technological changes. Some people do, in order to build and operate them. But everybody else just uses them. "Probably fewer than one per cent of all people understand a modern eight-cylinder auto, or the workings of an electric light. But does it matter? We know where to buy them and get them repaired. . . and we know how to use them."

Big 4 Join Conference

The Big Suncoast Conference has split into two divisions for the coming season. Four new teams have joined the Western Division in which Belle Glade will participate.

Admitted to the Suncoast last year were Jupiter Boca Raton, Clewiston, and Okechobee. This will be the first time any of the four schools have competed in the Suncoast Conference with the exception of Clewiston, which dropped out two years ago.

With the addition of four new members, two seven-school divisions were created. The Eastern Divisions of Class AA include: Vero Beach, Fort Pierce, McArthur, Riviera Beach, Palm Beach, Seagrass, Lake Worth, & Seagrass. The Western Division of Class AA and B teams has Stuart, Belle Glade, Pahokee, Jupiter, Boca Raton, Clewiston, and Okechobee.

The previous peak in the Suncoast Conference membership was twelve teams during 1958-59 and 1959-60. It now has fourteen members. During the brief meeting, administrative changes were made in the procedure for assigning football officials.

Elected as vice-president was Vero Beach High School's Bill McClure. Officers were chosen at the June meeting, but a vacancy was created when Raymond Gough, named vice-president at that time, resigned his position at Dan McCarty High at the end of the last school term.

Hurricane Extends Holiday

The Labor Day weekend was lengthened two days as a result of Hurricane Betsy's arrival on the Florida scene. Unlike many holidays most of the students sought refuge in their homes and waited out the violent winds and driving rains.

Of course most students were glad to get out of school at first, but it takes the fun out of a Holiday when confined to the home. Students entertained themselves by grouping together at various homes.

In Florida, after a day's fishing beer's the one... for good taste, good fun

Wherever you fish for sport—on the ocean, by the booming surf, or on some quiet country pond, it's great at the end of the day to head for a rewarding glass of beer. While you're talking over the ones that got away, or pan-frying the ones that didn't, you enjoy the hearty taste and cool refreshment only a glass of beer can give you so well. Yes, whatever your sport—bowling or strolling, golfing or gardening—a frosty glass of beer makes a naturally great accompaniment.

Wood Badge National Scout Leadership Session.

THE "KUDU HORN" dates back to 1907, when used by Baden Powell in Brownsea Island, England, by his first experimental troop on their first encampment, has become a tradition. The Kudu Horn is used in place of a bugle. Demonstrating its use is Dr. Robert Allen, area Scout leader from Belle Glade.

Program Prepares Men To Train Instructors For Scout Leadership

"OUR TROOP CLASSROOM" — a lot of time spent here."

SCOUT SIGNAL TOWER — practical application of the theoretical. Built without a nail, the tower was put up in record time, using 3" to 4" logs, lashed together with 1/4" rope.

Dr. Robert Allen is enthusiastic about the Scouting program he attended last month at Camp Wenasa, Browns Summit, North Carolina.

Dr. Allen, who is assistant agronomist at Everglades Experiment Station, has spent most of his "free time" in Scouting activities for the past 15 years, and was one of the 67 men selected by the National Council of Boy Scouts of America to participate in the Wood Badge training program.

Only a limited number may attend the course each year and selection of participants indicates the men are held in high regard by the National Council of Scouting.

"They were busy days," Allen said. "Our activities started immediately on arrival and a full schedule which included morning, afternoon and evening sessions, kept us on the go."

At the August 7-15 sessions, 67 men selected from Georgia, Florida and the Carolinas participated in the 8-day training.

"Our cars were parked when we arrived at Camp and were not approached or started again until after the training program ended."

The first activity, after packing their gear back into camp, was setting up patrols, and the standard 8-member patrol method was

followed.

The course is designed to prepare those attending to train instructors for Scout leadership, and carries an obligation to give service to your area when you return home, Allen said.

The fact that "Boy Scouting" is a very flexible program with a very inflexible purpose was stressed by camp instructors. "The whole purpose of the Boy Scout program is to build

character and produce citizenship," Allen emphasized.

From the Scout's standpoint the Scouting program provides a good time and plenty of adventure. While it does this, character is being molded in a constructive way.

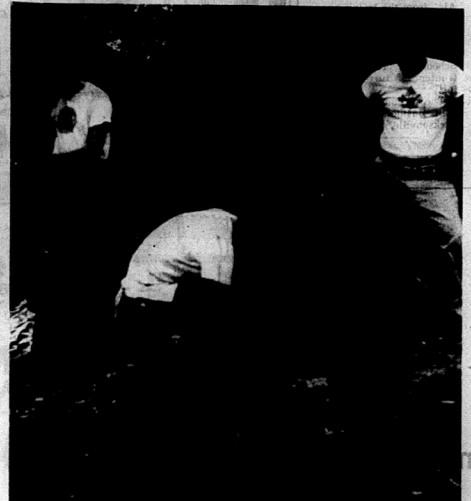

"We were reminded," Allen said, "that the Boy Scout program is one of the outstanding weapons against communism. The Boy

Scout way is directly opposite in every respect to the communist way."

"My eight days at camp was a wonderful experience for me and presents a challenge to now pass my training on to others. We learned Scouting by living in the great out-of-doors under canvas and it was most invigorating and informative," the Glades Scout leader concluded.

"OUR PATROL HOME" — Kitchen is on the right — dining room on left. Sleeping in rear.

OOPS! SOMEBODY SPILLED THE STEW! Someone stumbled on the tripod and spilled the stew cooked in a number 10 can cookery on an overnight back-pack hike.

Social Security — How It Affects You!

(Editor's Note: This is the first of a series of columns by R. C. Gehlsen, Jr., social security district manager in West Palm Beach, telling what the social security amendments of 1965 mean to you and your family.)

By R. C. Gehlsen, Jr., District Manager

Nearly all area residents over 65 will be affected by amendments made in the Social Security Act recently by Congress, whether or not they receive social security monthly benefits.

An entirely new program of health insurance for the aged will affect most people 65 or over. The first part of this program, a basic plan of hospital insurance, will benefit practically all 65 or over. The second part of the program is a supplementary medical plan, in which people 65 or over must choose whether or not they may wish to enroll.

Another change in the law will affect all those people now getting monthly social security benefits. This is the 1 percent increase in benefits, which is effective beginning January 1966. In September, beneficiaries will receive an extra check representing the difference between the new and old rates back to January. There is no need to come into the district office in order to get the benefit increase; this will be done automatically.

Other important changes made in the social security law this year include:

Permitting widows to receive a reduced benefit as early as age 60.

Paying benefits to children after they reach 18 until they reach 22 if they are attending school full-time.

Providing for an automatic refiguring of a worker's monthly benefit if he has earnings from work after becoming eligible for benefits to find out if the additional earnings will increase his payment.

Authorizing benefits for certain persons 72 or older who did not have enough work credit to get benefits previously.

Increased the amount of gross income farmers can use when reporting their income under the optional method.

Adjusted the social security contribution rates for employees, employers, and self-employed persons. Also established a new contribution to finance hospital insurance for the aged, and raised the earnings base on which these contributions are paid from \$4,800 to \$6,600, beginning with 1966.

Authorized benefits for certain divorced wives and surviving divorced wives of deceased workers, who were dependent on their former husbands.

Increased the amount of earnings a beneficiary can have without having all benefits withheld, starting in 1966.

Changed the definition of disability contained in the law and made other changes in this program.

Covered cash tips for social security purposes under certain conditions, beginning January 1966.

Covered self-employment earnings from the practice of medicine.

Provided for the payment of benefits, at a reduced rate to widows and widowers who remarry.

I will discuss these changes in future articles, which will appear regularly in this newspaper.

In the meantime, if any of you have any questions about your rights and responsibilities under the law, write, phone, or visit the West Palm Beach social security district office, located at 715 S. Dixie Hwy. The telephone number is 833-8461.

Why Some Miss Out School Daze

Why is it that many bright boys and girls do not go to college? Is it because they lack the funds — or is it because they lack the incentive?

Miss Mary Todd, Palm Beach County Extension Home Economist, says that according to U. S. Office of Education Studies, two-thirds of the country's high school graduates do not go to college. Many are obviously capable of college work, having been in the upper half of their graduating classes. Some miss out on a higher education because they have not been encouraged to do so.

PARENTS' INFLUENCE
The attitude of parents on the subject of college has a direct connection with a youngster's decision. Children of college graduates are most apt to be brought up with the idea that they, too, will go to college. The survey shows that the child who is really hungry for college has a good chance of getting there. The overriding factor is usually the encouragement of his parents. On the other hand, a negative attitude toward college — or even one of indifference — will have a negative effect on the youngster.

Teenager's opinions can be heavily influenced by what their friends and schoolmates think about college. If the teenager has

missed "travel" with a college-minded crowd, chances are he will also want to attend. The community in which the family lives can also affect a youngster's attitude toward school. Young people who live near a college are more likely to attend than those who live some distance away. Parents can use their influence, wherever they live, to achieve the same end. Families in Palm Beach County are fortunate in having institutes of higher learning.

WHAT IS COSTS
Miss Todd says some parents are reluctant to encourage the idea of college because of the cost involved. The U. S. Office of Education reports that the national average expense for one recent academic year was \$1,550. Parents provided about \$950 of this amount, on the average. The balance came from student earnings, scholarships and other sources, such as gifts.

The young man or woman determined to enter college without a scholarship or financial aid from his family still has other avenues open to him. He can help meet tuition fees with a part-time job; or he may be able to obtain a student loan from a college, bank or the government. Substantial amounts of money have been provided for loans to college students by the Federal Government under title II of the National Defense Act of 1948.

And some banks, in recent years, have established the practice of making available to promising students low-interest loans.

Miss Todd suggests that families begin planning for their children's education in advance through systematic savings.

COLLEGE FOR GIRLS
Parents appear to be more willing to assist their sons than their daughters through school. This is reflected in the ratio of thirteen boys for every ten girls in college. Girls who have been through college have no doubt about the value of a college education. Not long ago, a large group of women, recent college graduates, were asked what they "thought about higher education. Although many had become full-time homemakers, the group as a whole said they would follow the same course if they had to do it all over. They did not feel they had been "over-educated," and for that matter, the majority were working in jobs which required the kind of knowledge and skills learned in college. Their education is also valuable when a college graduate becomes a wife and mother.

Jan. 26 — Teachers Planning Day — Another 3 day weekend for students.
Feb. 7 — End of fifth month; Mar. 7 — End of sixth month; End of fourth 6-weeks.
Mar. 10 — Fourth report card.
April 4 — End of seventh month — Two to go
April 8-11 — EASTER HOLIDAYS — About time for a break.
April 20 — End of fifth 6-weeks — One left.
April 22 — FFA and FSTA State Meeting — Students can sleep late today.

May 5 — End of eighth month — One more to go
May 30 — Teachers Planning Day — Last Holiday for students.
June 3 — End of ninth month — Seniors are glad yet sad... End of sixth 6-weeks — BUT another summer is here.
June 6 — Report cards will be mailed any time after June 6, 1966.
Since the law requires that students must attend classes 180 days, the extended Labor Day weekend, caused by the visit of "BETSY" will have to be made up before the school year ends.

Elected to lead the Rams to Victory for the '65 season are seniors, Mike Shiver, left guard, and Cary Wall, left tackle.
They were elected by the football team at practice last week because of their leadership qualities and outstanding sportsmanship.
Mike and Cary are permanent captains for the season. Alternate captains will be chosen to serve with them each week.
